WILL IT BE YOUR HOODOO?

Superstition Will Run Riot To-day, You May Get Your Neighbor's Number and You Might Worry Yourself Little About What the Day of Terror Will Bring You.

Friday, the thirteenth'
it's here again, and to-day the hoodoo s over the land ready to make new virings and add new lairels to the cause of superstition.

Just as people wonder what the New Year will bring forth, so do others look upon every Priday, the thirteenth, as a new Starting point, and wonder what he hoodoo has in store for them. Superstition will run rint all day, if you see haunted men and women going around with nervous giances, giving automobiles and cars a wide berth, satching everybody on every hand, and stemblarly in fear of hidden terrors, you will know that it is Priday, the thirteenth, and that your neighbors are superstitions.

Whoever conceived the idea of bringing a mind-reader, mental telepathist, thaumaturaird, and empress of mysticism, all rolled in one, to this man's town during the week of Friday, the thirteenth, certainly had foresight, and was on the fob.

Possibly it is because of the terrors associated with "Hoodoo Day" that Mmc Jewel has been such a spontaneous magnet him week at the Casimo Theater. They have a way down at the home of eilite vandeville of doing things to make people talk, and if Mms. Jewel was not booked with purpose aforethought for Friday-the-thireenth week, there is one man at least who is having good luck to-day.

Do you think you will have a hoodoo during the next year because of something unexpected that will happen to-day?
